ADDRESS CHANGE NOTIFICATION. PLEASE DISTRIBUTE.

Dear Valued Customers:

As we complete the final phase of the integration of Herndon Products, LLC into KLX Aerospace Solutions, we are proud to announce that we will be opening two new facilities in the Seattle, Washington area. One facility, located in Kent, Washington, will be home to our Customer Support office team. The second facility, located in Everett, Washington, will be home to our Warehouse and Operations team.

These locations will be staffed by both KLX and legacy-Herndon personnel. We are very pleased to have our combined personnel working together at these locations. Our new, larger warehouse allows us to more efficiently support customers in the greater-Seattle area and beyond.

This represents address changes only as below:
